**Comment**

You have been one of the resource in the Midrange Capability and working in Argus account, your contribution towards you're planning to reduce the backlogs has been highly significant and has helped DXC and Client.
Your Aspiration towards delivering the agreed SLA is good.
Apart from the Delivery you also need to Invest time and energy in DXC initiatives.
As part of the go-forward priorities, you will have to continue to focus on the Growth Agenda in bringing in the experience and sharing the technical knowledge required in the account to the team.
Proactively acquire work-related abilities and understanding of various OS platforms (multiplatform) and AOTS-related issues and work towards reducing the count of backlogs and get the account to Green.
You always exhibit excellent qualities and motivate your group to provide their best effort.
You come up with fresh answers to some of our difficult issues.
Quality of Tickets - We have to improve the quality of your tickets, and the TT logs should be more transparent so that anybody seeing them may understand the problem and what it involves.
follow the SLA's - follow to the SLA requirements for tickets, and we also have SLAs for ICMT team pings.
